REPORT ON SHIPPING

To the Honourable

J. D. HAZEN,

Minister of Marine and Fisheries.

SIR,—I have the honour to submit herewith the twenty-fist List of Shipping issued by this Department. The List has been prepared from records kept in the Department and care has been taken to make it as complete and accurate as possible.

Supplements to the List of Shipping are published every month, and those affecting this List which have issued up to date, are bound with this volume.

The total number of vessels remaining on the Register Books of the Dominion on the 31st of December, 1911, was 8,088, measuring 770,446 tons, being an increase of vessels and tons, as compared with 1910. The number of steamers on the Register Books on the same date was 3,444, with a Gross Tonnage of 588,741. Assuming the average value to be \$30 per ton the value of the Net Registered Tonnage of Canada on the 31st December, 1911, would be \$23,113,380.

The number of new vessels built and registered in the Dominion of Canada during last year was 339, measuring 27,736 tons Net Register. Estimating the value of the new tonnage at \$45 per ton gives a total value of \$1,148,120 for new vessels.

A comparative statement showing the tonnage of each of the Maritime States of the world is given which shows that Canada is now ninth.

During the year 279 vessels were removed from the Register Books, and a detailed statement is given showing the cause of their removal.

It is estimated that 41,447 men and boys, &c., inclusive of the Masters, were employed on ships registered in Canada, during the year 1911.

RAPPORT SUR LA MARINE MARCHANDÉ

A l'honorable J. D. HAZEN,

Ministre de la Marine et des Pêcheries.

MONSIEUR,—J'ai l'honneur de présenter la vingt et unième liste de la Marine publiée par ce département.

Cette liste a été calculée à même les dossiers du département et on a eu soin de la rendre aussi complète et aussi exacte que possible.

Des suppléments à la liste de la Marine sont publiés chaque mois et ceux qui modifient cette liste et qui ont été publiés jusqu'à ce jour sont reliés dans ce présent volume.

Le nombre total des navires portés sur les registres du Canada au 31 décembre 1911 était de 8,088, d'un tonnage de 770,446 tonnes, ce qui donne une augmentation de vaisseaux et de tonnes par rapport à l'année 1910. A la même date, le nombre des vapeurs figurant au registre était de 3,444, d'un tonnage brut de 588,741 tonnes. En estimant la valeur moyenne du tonnage à \$30 le tonneau, le tonnage enregistré au Canada au 31 décembre 1911 serait de \$23,113,380.

Le nombre total des vaisseaux construits et enregistrés au Canada durant l'année dernière a été de 339, d'un tonnage de 27,736 tonnes. En estimant la valeur du nouveau tonnage à \$45 le tonneau, on obtient une valeur totale de \$1,148,120 pour les nouveaux vaisseaux.

Un tableau comparatif, indiquant le tonnage de chacun des pays maritimes du monde, démontre que le Canada reste à la neuvième place comme pays maritime.

Durant l'année écoulée, 279 vaisseaux ont été biffés des registres pour les raisons données.

On estime à 41,447 le nombre des hommes et des garçons, etc., y compris les capitaines, qui furent employés à bord des vaisseaux enregistrés au Canada, pendant l'année 1911.
